

Superstore Dashboard Insights

Superstore Performance & Trend Analysis Summary

1. Technology Leads Category Revenue

Technology is the top-performing category, generating \$827K (36.6%) of total Sales, followed by Furniture at \$729K (32.2%) and Office Supplies at \$705K (31.2%).

2. Strong Q4 Seasonality Surge

Q4 is the strongest quarter, reaching approximately \$0.87M, compared with \$0.35M in Q1. This indicates that sales momentum accelerated significantly during the final quarter.

3. West & East Regions Drive Volume

The West region leads sales performance with approximately \$0.71M, followed by East (\$0.67M), Central (\$0.49M), and South (\$0.39M). This shows a clear sales gap between the strongest and weakest regions.

4. November & December Sales Peak

Sales increased strongly toward the end of the year. Monthly sales peaked in November at about \$0.35M, while December remained high at approximately \$0.32M..
